Proposed solution should have at least 3 live references in Central / State Govt. / PSUs / Autonomous bodies in India. Bidder to produce live Internet URLs of these references, which can be validated by High Court committee directly on open internet.

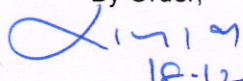

I am also directed to issue following clarifications as asked in Pre-bid meeting for Scanning/Digitization and Document Management system for judicial records having approximately 7,00,00,000 (7 Crore) Pages where 3.5 crore pages are in Principal Seat at Jodhpur and 3.5 crore pages in Bench at Jaipur :-

Sr. No.	Page Number of RFP	Current Specification	Clarification
1.	Clause no. 4 at page no. 6	Scanning of Court records including old and fragile papers	Document need to be scanned not its photocopy. The document which can be photocopied, can also be scanned.
2.	Clause no. 5 at page no. 6	Setting up solution to cater with the requirements and needs of Rajasthan High Court while ensuring that is in ready to integrate state with High Court's public portal, Payment gateway, sms servers etc.	Application developed on different platforms using PHP/ Postgresql/ ASP.NET / ASP Classic Etc.
3.	Clause no. 6 and 13 at page no. 6, 9 respectively	Application Software & Methodology is to be adopted for seamless integration with existing work flow based on Case Information System (CIS) Software developed using PHP / Postgresql/ASP.NET / ASP Classic	Proposed solution should be an open source document management system. DMS should be platform specific and compatible with cross platforms.
4	Point 1 at page 7	Based on the approved solution, bidder will be required to develop state of art digitization center at Jodhpur and Jaipur. Rajasthan High court will only provide physical space with electricity supply to the bidder. Electricity fittings, if required, would be done by the bidder	Digitization activity is to be done parallel at both places.
5	Point 3 at page 7	The bidder should have its own sufficient infrastructure and qualified professionals. On the completion of work, the bidder will take back the infrastructure set up by him except the server and SAN Storage. However, the High Court may also retain the infrastructure on mutually acceptable terms and conditions	DMS server of industry standard pre supposing to cater the need of at least 8-10 years future storage. DMS servers are to be maintained separately at both the places.
6	Point 5 at page 8	Scanning of old and fragile records: Scanning has to be performed at 300 dpi minimum and to be increased in case if records are not legible. Selection of black and white / gray and color mode to be determined on the basis of condition of pages. More fine tuning in this regard will be done during solution conceptualization stage	If require, fragile document will be scanned after preservative treatment.
7.	Point 4 at page 16	EMD (2% of estimated cost)	As per RTPP Act, 2012 and RTPP Rules, 2013
8.	Point 15 at page 43	Bidder shall submit duly filled compliance along with screenshots for functionalities of proposed DMS	Screenshots of proposed DMS which is to be further customized may be attached.

		as per specifications provided in RFP document	
9.	Point 21 at page 65	It should be possible to deploy the proposed solution on individual servers of each district court and data from each district court should be searchable through DMS instances running in other district courts.	DMS should be capable of use in District Courts. However, this is future requirement and is not in the scope of present bid.
10.	Point 5 at page 11	Bidder should be a profit making firm with positive net worth and shall have an Average Annual Turnover of at least Rs. 15 Crore per year in the last four Audited Financial years.	Bidder should be a profit making firm with positive net worth and shall have an Average Annual Turnover of at least Rs. 15 Crore per year in the last three Audited Financial years.
11.	Most of the documents are in files which may be opened and tied back very easily with the help of borer.		
12.	The requirement is that the scanned document should be clearly legible. There is no such pre-condition that all the documents should be of 300 Dpi		
13.	EMD Bank guarantee format is bank specific.		
14.	In case working space is not sufficient then additional space may be provided.		

The tenderers who have already submitted their tender are requested to change their offer within the prescribed period, if they so desire. Corrigendum will be also available on Rajasthan High Court website www.hcraj.nic.in. The rest of contents of RFP will remain same.

By Order,
