20	The solution should allow for the users connected on the web	
	based tool to share video, audio and content with the hardware	
	based Video conferencing device and vice versa.	
21	The solution should support the following features when a	
	SIP/H.323 room based Video conference endpoint connects to	
	the meeting:	
al		
a) Video Resolution: main video up to 720p at 30 fps and sharing.		
1.1		
(D)	b) Single, dual, and multiscreen standards-based video conferencing	
	systems.	
c)	Advanced Encryption Standard (AES) 128-bit encryption	
d)	Signalling protocol support: H.323/SIP, TLS	
e)	Media protocol support: RTP, SRTP, and RTCP	
22	Support for the users connected in to the web meeting from	
	desktop to be able to connect on audio using any of the following	
	methods:	
a)	Computer audio	
b)	Dial in with Telephone Service Provider (PSTN) audio	
c)	Take a call back on their PSTN number if needed for all (Host and

23	Participants)	
23	The users connected in to the web meeting from	
	desktop/laptop/ipad should be able to dial into the meeting.	
24	Meeting lock/unlock for added privacy to prevent unintended	
	participants from joining.	
25	Authenticated access into meetings on desktop and mobile apps.	
A single meeting should allow 1000 users to join including up		
	200 users joining from VC Endpoints.	
27	The solution should be sized for at least 1400 Host ID's. Support	
	for Hardware Based endpoints to register to the same cloud	
	should be there along with each host id.	
28	The solution be an online, real-time collaboration tool with	
	features like; IM, video, voice, audio, screen sharing, Document	
	or presentation sharing, recording, etc.	
29	The solution should allow to view minimum 80 participants on	
	the desktop/PC screen in running session in a single pane/

Additional Conditions of Contract

1. Correction of arithmetic errors-

Provided that Financial Bid is substantially responsive, the Procuring Entity will correct arithmetical errors during evaluation of Financial Bids on the following basis, namely: -

- (a) if there is a discrepancy between the unit price and the total price that is obtained by multiplying the unit price and quantity, the unit price shall prevail and the total price shall be corrected, unless in the opinion of the Procuring Entity there is an obvious misplacement of the decimal point in the unit price, in which case the total price as quoted shall govern and the unit price shall be corrected;
- (b) if there is an error in a total corresponding to the addition or subtraction of subtotals, the subtotals shall prevail and the total shall be corrected; and
- (c) if there is a discrepancy between words and figures, the amount in words shall prevail, unless the amount expressed in words is related to an arithmetic error, in which case the amount in figures shall prevail subject to (a) and (b) above.

If the Bidder that submitted the lowest evaluated Bid does not accept the correction of errors, its Bid shall be disqualified and its Bid Security shall be forfeited or its Bid Securing Declaration shall be executed.

2. Procuring Entity's Right to vary Quantities.-

- (a) If the procuring Entity does not procure any subject matter of procurement or procures less than the quantity specified in the Bidding Document due to change in circumstances, the Bidder shall not be entitled for any claim or compensation except otherwise provided in the Conditions of Contract.
- (b) In case of procurement of Goods or services, additional quantity may be procured by placing a repeat order on the rates and conditions of the original order. However, the additional quantity shall not more than 50% of the value of Goods of the original contract during validity of contract on same terms and conditions. If the suppliers fails to do so, the Procuring Entity shall be free to arrange for the balance supply by limited bidding or otherwise and the extra cost incurred shall be recovered from the Supplier.

3. <u>Dividing quantities among more than one bidder at the time of award:</u>

As a general rule all the quantities of the subject matter of procurement shall be procured from the bidder, whose Bid is accepted. However, when it is considered that the quantity of the subject matter of procurement to be procured is very large and it may not be in the capacity of the Bidder, whose Bid is accepted, to deliver the entire quantity or when it is considered that the subject matter of procurement to be procured is of critical and vital nature, then in such cases, the quantity may be divided between the Bidders, whose Bid is accepted and the second lowest Biddder or even more bidders in that order, in a fair, transparent and equitable manner at the rates of the Bidder, whose Bid is accepted.
